

ACE Your Interview!

OVERVIEW

Whether you're seeking that promotion, or applying for a position for the first time, the interview process can be really intimidating. What questions will be asked? How should I answer them? What should I do if I do not know the answer to a question? We've all been there...your mind is spinning....

We can help! We've been in hundreds of interviews, as an interviewer as well as an interviewee. As an interviewer, we'll share with you the things we're looking for, the type of answers we desire, and the verbal and physical cues that are intended to get you out of your comfort zone. Ask away, you'll feel better when you get into that interview room!

CLASS AGENDA

We'll show you:

- The ONE thing to need to bring with you to the interview
- How to answer a question (even if you don't know the answer)
- Why a water bottle can be your best friend in an interview
- How to *stand out* against the competition
- The most important question you'll be asked (and most people answer incorrectly)
- ...And, **MORE!**

We'll give you resources to use, checklists to keep you on track and places to go to find the information you need.

We'll see you virtually in 'The Briefing Room'!
